REGISTRAR OF INDUSTRIAL PROPERTY

THE TRADE MARKS ACT 1999

The Jamaica Intellectual Property Office
Trade Marks, Designs and Geographical Indication Directorate
18 Trafalgar Road
Kingston 10
Jamaica

The following applications for registration of a Trade Mark have been received and it is hereby notified that pursuant to section 22 and 24 of the Trade Marks Act 1999 and Rule 12 of the Trade Marks Rules 2001, any person may, within two months from the date of this publication of an application for registration of a Trade Mark, give to the Registrar notice of opposition to the registration and the applicant a duplicate of the notice and in the absence of any such notice, the name, address and description of the applicants will be entered in the Register of Trade Marks as the registered proprietors of the Trade Mark described in their application.

M. Goffe

for Registrar of Industrial Property

Disclaimer

Information printed for each accepted mark in this journal has been uplifted from the corresponding application and is an accurate representation of the application filed.

In International Class 9

Computer hardware; software for social networking; software development tools; software for use as an application programming interface (API); application programming interface (API) for use in building software applications; software for creating, managing, and interacting with an online community; software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer the internet and communication networks; software for modifying and enabling transmission of images, audio, audio visual and video content and data; software for modifying photographs, images and audio, video, and audio-visual content with photographic filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; software for the collection, editing, organizing, modifying, transmission, storage and sharing of data and

information; downloadable e-commerce computer software to allow users to perform electronic transactions via the internet and communication networks; software for sending and receiving electronic message alerts, notifications and reminders; search engine software; virtual reality game software; augmented reality game software; mixed reality game software; electronic game software in the nature of video games, computer games, interactive multimedia games, and virtual, augmented, and mixed reality games; video game software; software for integrating electronic data with real world environments for the purposes of entertainment, education, gaming, communicating, and social networking; software for converting natural language into machine-executable commands; software, namely, an interpretive interface for facilitating interaction between humans and machines; personal assistant software; social assistant software; software for mapping services; software for planning activities and making recommendations; software for social and destination mapping; software for making reservations and bookings; software for ordering and/or purchasing goods and services; software for searching, determining and sharing the locations; software for wireless content, data and information delivery; software, namely, an application providing social networking functionalities; software for creating, managing and accessing groups within virtual communities; parental control software; software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; software for viewing and interacting with a feed of images, audio, audio-visual and video content and associated text and data; application programming interface (API) for use in developing AI (artificial intelligence) platforms; software for organizing events; software for sending and receiving electronic messages, graphics, images, audio and audio visual content via computer the internet and communication networks; software for processing images, graphics, audio, video, and text; software for managing social networking content, interacting with a virtual community, and transmission of images, audio, audio-visual and video content, photographs, videos, data, text, messages, comments, advertisements, media advertising communications and information; software for use in customer relationship management (CRM); messaging software.

In International Class 35

Marketing, advertising and promotion services; provision of market research and information services; promoting the goods and services of others via the internet and communication networks; business and advertising services, namely, media planning and media buying for others; consulting services in the fields of advertising and marketing; facilitating the exchange and sale of services and products of third parties via the internet and communication networks; providing online marketplaces for sellers of goods and/or services; providing online facilities for connecting sellers with buyers; business networking; employment and recruiting services; advertising and information distribution services, namely, providing classified advertising space via the internet and communications networks; pre-paid gift card services, namely, in particular issuing gift card certificates that may be redeemed for goods or services; charitable services, namely, in particular promoting public awareness about charitable, philanthropic, volunteer, public and community service and humanitarian activities; advertising via electronic media; customer relationship management; advertising services; dissemination of advertising for others via the internet and communication networks; promoting the goods and services of others by means of distributing video advertising on the internet and communication networks; advertising services, namely, targeting and optimization of online advertising; business management business administration, office functions; business consultation regarding marketing and advertising activities; media planning and media buying services; brand consulting; design of advertising materials for others.

In International Class 38

Photo sharing and video sharing services, namely, electronic transmission of digital photo files, videos and audio visual content among internet users; providing access to computer, electronic and online databases; telecommunications services, namely, electronic transmission of data, messages, graphics, photographs, images, audio, video and information; providing online forums for communication on topics of general interest; providing online communications links which transfer mobile device and internet users to other local and global online locations; facilitating access to third party websites or to other electronic third party content via a universal login; providing online chat rooms, instant messaging services, and electronic bulletin boards; audio, text and video broadcasting services over the internet or other communications networks; voice over internet protocol (VOIP) services; telephony communication services; providing access to computer databases in the field of social networking; peer-to-peer photo sharing and data sharing services, namely, electronic transmission of digital photo files, graphics and audio content among internet users; telecommunications and peer-to-peer network computer services, namely, electronic transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; streaming and live streaming of video, audiovisual, and interactive audiovisual content via the internet; teleconferencing; telecommunication services, namely, data transmission and reception services via telecommunication networks mobile phone communication services; web messaging; instant messaging services;

electronic exchange of voice, data, audio, video, text and graphics accessible via the internet computer and telecommunications networks.

In International Class 41

Photosharing and video sharing services; electronic publishing services for others; providing online resources for software developers; organizing contest and incentive award programs for software developers; publication of educational materials, namely, publishing of books, journals, newsletters, and electronic publications; online journals, namely, weblogs (blogs) featuring user-defined content; entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content; providing online virtual reality games; providing online augmented reality games; providing online mixed reality games; providing online games; providing online game software; entertainment services, namely, providing interactive games.

In International Class 42

Computer services, namely, creating virtual communities for registered users to organize groups, meetings, and events, participate in discussions and engage in social, business and community networking; providing software for social networking, creating a virtual community, and transmission of audio, video, images, text, content and data; providing software to allow users to perform electronic business transactions via the internet and communications networks; software as a service (SAAS) services featuring software for sending and receiving electronic messages, notifications and alerts and for facilitating electronic business transactions via the internet and communications networks; providing software enabling development, assessment, testing, and maintenance of mobile software applications for portable computing devices; providing user authentication services using single sign-on and software technology for e-commerce transactions; providing user authentication services of electronic funds transfer, credit and debit card and electronic check transactions using single sign-on and software technology; providing application programming interface (API) software for use in electronic messaging and transmission of audio, video, images, text, content and data; providing temporary use of non-downloadable software for electronic messaging; mapping services; providing software for processing electronic payments; platform as a service (PAAS) services featuring software to allow users to perform business and e-commerce transactions; providing application programming interface (API) software for use in electronic messaging and transmission of audio, video, images, text, content and data; providing software for electronic messaging; mapping services; providing software for mapping services; application service provider (ASP) featuring software for mapping services; providing software for sharing and displaying a user's location, planning activities with other users and making recommendations; providing software for social and destination mapping; application service provider (ASP) featuring software to enable or facilitate social and destination mapping; providing location-aware software for searching, determining and sharing the location of goods, services and events of interest; application service provider (ASP) featuring location-aware software for searching, determining and sharing the location of goods, services and events of interest; providing software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; design of augmented reality and virtual reality effects for use in modifying photographs, images, videos and audio-visual content; platform as a service (PAAS) featuring computer software platforms for use in purchasing and disseminating advertising; providing software for modifying photographs, images and audio, video, and audio-video content with photographic filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; platform as a service (PAAS) featuring software platforms for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; providing online facilities, namely web interfaces and mobile interfaces featuring temporary use of non-downloadable software for sending and receiving electronic messages, instant messages, electronic message alerts and reminders, photographs, images, graphics, data, audio, videos and audio-visual content via the internet and communication networks; providing temporary use of non-downloadable computer software for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; application service provider (ASP) services featuring software to enable or facilitate voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; computer services, namely, providing information in the fields of technology and software development via the internet and communication networks; providing software for use in taking and editing photographs and recording and editing videos; application service provider (ASP) featuring software to enable or facilitate taking and editing photographs

and recording and editing videos; software development; providing online software; application service provider, namely, providing, hosting, managing, developing, and maintaining applications, software, web sites, and databases in the fields of wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; application service provider (ASP); providing online facilities that give users the ability to upload, modify and share audio, video, photographic images, text, graphics and data; providing software and applications for customer relationship management (CRM); application service provider (ASP) featuring software for customer relationship management (CRM); computer services, namely, application service provider featuring application programming interface (API) software for customer relationship management (CRM).

In International Class 45

Social networking services; online social networking services; user verification services; identification verification services; business identification verification services.

Class Details:

In International Class 9

Solar panels for the production of electricity; solar wafers; solar batteries; computers; computer hardware; handheld computers; tablet computers; telecommunications apparatus and instruments; telephones; mobile telephones; smartphones; wireless communication devices for the transmission of voice, data, images, audio, video, and multimedia content; network communication apparatus; handheld digital electronic devices capable of providing access to the internet and for the sending, receiving, and storing telephone calls, electronic mail, and other digital data; wearable computer hardware; wearable digital electronic devices capable of providing access to the internet, for sending, receiving and storing of telephone calls, electronic mail, and other digital data; smartwatches; smartglasses; smart rings; wearable activity trackers; connected bracelets [measuring instruments]; electronic book readers; downloadable computer software used in producing animation, audio, and three-dimensional effects for use in other software applications; downloadable computer software providing a library of virtual

objects for use in developing other software applications; downloadable computer software used in developing other software applications; downloadable application development software; computer software for use in reviewing, storing, organizing, and playing audio and video content; computer software for use in organizing, transmitting, manipulating, reproducing, processing, streaming, playing and reviewing audio, video, images and other multimedia content on digital electronic devices; application development software; computer game software; downloadable pre-recorded audio, video and multimedia content; downloadable webcasts and podcasts featuring audio, video, and other downloadable multimedia broadcasts in the fields of music, television, film, books, news, concerts, radio, sports, games, cultural event, and entertainment-related and educational programs; downloadable digital audio, video, and multimedia files and recordings featuring music, television, films, books, news, concerts, radio, sports, games, cultural events, and entertainment-related and education programs; computer peripheral devices; peripheral devices for computers, mobile telephones, mobile electronic devices, wearable electronic devices, smartwatches, smartglasses, earphones, headphones, televisions, set top boxes, and audio and video players and recorders; wearable peripherals for use with computers, mobile telephones, mobile electronic devices, smartwatches, smartglasses, smart rings, earphones, headphones, televisions, set top boxes, and audio and video players and recorders; biometric identification and authentication apparatus; accelerometers; altimeters; distance measuring apparatus; distance recording apparatus; pedometers; pressure measuring apparatus; pressure indicators; monitors, display screens, head mounted displays, and headsets for use with computers, smartphones, mobile electronic devices, wearable electronic devices, smart watches, smartglasses, televisions, set top boxes, and audio and video players and recorders; virtual and augmented reality displays, goggles, controllers, and headsets; 3D spectacles; eyeglasses; sunglasses; spectacle lenses; optical glass; optical goods; optical apparatus and instruments; cameras; flashes for cameras; keyboards, mice, mouse pads, printers, disk drives, and hard drives; sound recording and reproducing apparatus; digital audio and video players and recorders; audio speakers; audio amplifiers and receivers; motor vehicle audio apparatus; voice recording and voice recognition apparatus; earphones; headphones; microphones; televisions; television receivers and monitors; set top boxes; radios; radio transmitters and receivers; user interfaces for on-board motor vehicle computers and electronic devices, namely electronic control panels, monitors, touchscreens, remote controls, docking stations, connectors, switches, and voice-activated controls; global positioning systems (GPS devices); navigational instruments; navigation apparatus for vehicles [on-board computers]; remote controls for controlling computers, mobile telephones, mobile electronic devices, wearable electronic devices, smartwatches, smartglasses, earphones, headphones, audio and video players and recorders, televisions, set top boxes, speakers, amplifiers, home theatre systems, and entertainment systems; wearable devices for controlling computers, mobile telephones, mobile electronic devices, smart watches, smartglasses, earphones, headphones, audio and video players and recorders, televisions, set top boxes, speakers, amplifiers, home theatre systems, and entertainment systems; data storage apparatus; computer chips; batteries; battery chargers; electrical and electronic connectors, couplers, wires, cables, chargers, docks, docking stations, and adapters for use with computers, mobile telephones, handheld computers, computer peripherals, mobile telephones, mobile electronic devices, wearable electronic devices, smartwatches, smartglasses, earphones, headphones, audio and video players and recorders, televisions, and set top boxes; interactive touchscreens; interfaces for computers, computer screens, mobile telephones, mobile electronic devices, wearable electronic devices, smartwatches, smartglasses, televisions, set top boxes, and audio and video players and recorders; protective films adapted for computer screens, mobile telephone screens, and smartwatch screens; parts and accessories for computers, computer peripherals, mobile telephones, mobile electronic devices, wearable electronic devices, smartwatches, smartglasses, earphones, headphones, audio and video players and recorders, televisions, and set top boxes; covers, bags, cases, sleeves, straps and lanyards for computers, mobile telephones, mobile electronic devices, wearable electronic devices, smartwatches, smartglasses, earphones, headphones, set top boxes, and audio and video players and recorders; selfie sticks; chargers for electronic cigarettes; electronic collars to train animals; electronic agendas; apparatus to check stamping mail; cash registers; mechanisms for coin-operated apparatus; dictating machines; hemline markers; voting machines; electronic tags for goods; prize selection machines; facsimile machines; weighing apparatus and instruments; measures; electronic notice boards; measuring apparatus; wafers [silicon slices]; integrated circuits; amplifiers; fluorescent screens; remote controls; lights conducting filaments [optical fibers]; electric installations for the remote control of industrial operations; lightning arresters; electrolyzers; fire extinguishers; radiological apparatus for industrial purposes; life saving apparatus and equipment; whistle alarms; animated cartoons; egg-candlers; dog whistles; decorative magnets; electrified fences; portable remote-controlled car retarders.

In International Class 42

Design and development of computer hardware, software, peripherals, and computer and video games; computer hardware and software consulting services; computer programming; design of computer databases; electronic data storage; cloud

computing services; rental of computer hardware, software, and peripherals; providing online non-downloadable software; consultation services for developing computer systems, databases and applications; computer security and data security consultancy; data encryption services; providing computer hardware or software information online; maintenance, repair and updating of computer hardware, software, peripherals, and applications; technical support services, diagnosing and troubleshooting of computer hardware and software problems, and computer help desk services; website creation, design, and maintenance services; website hosting services; providing search engines for obtaining data via the internet and other electronic communications networks; creating indexes of online information, sites and other resources available on the Internet and other electronic communications networks; cartography and mapping services; providing an Internet portal allowing users to preview and download electronic books, publications, and other documents; scientific and technological services; industrial design services; industrial analysis and research services; research, engineering, and technological consulting services in the field of energy production, generation, usage, consumption, and efficiency; information, advisory and consultancy services relating to all the aforesaid.

In respect of the following international class (es) **1, 3, 5, 9, 10, 31, 35, 41, 42 and 44;**

Class Details:*In International Class 1*

Chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry except fungicides, herbicides, insecticides and parasiticides; growing media, fertilizers and chemicals for use in agriculture, horticulture and forestry except fungicides, herbicides, insecticides and parasiticides; chemicals for use in aquaculture except fungicides, herbicides, insecticides and parasiticides; chemical preparations for use in agriculture, horticulture and forestry, namely, chemical preparations for the treatment of seeds, plant growth regulating preparations and bio-technologically-formed genes for use in the manufacture of agricultural seeds; chemicals for use in purification of water; natural microorganisms used in pond maintenance; microbial inoculants for application to seeds used in agriculture.

In International Class 3

Bleaching preparations and other substances, namely, detergents, bleaches, starches for laundry use; cleaning, polishing, scouring and abrasive preparations; non-medicated soaps; perfumery, essential oils, non-medicated cosmetics, non-medicated hair lotions; non-medicated dentifrices; tanning substances, namely, non-medicated sun care preparations, sun block preparations, sun screen preparations, sun-tanning preparations, non-medicated skin care preparations, non-medicated lip balms, after sun creams, lotions, gels and oils; cosmetics and non-medicated toilet preparations, all for use in sun-tanning; self-tanning and sunless tanning preparations; skin moisturizing preparations; non-medicated foot care preparations; sanitary preparations and articles, namely, vaginal washes for personal sanitary or deodorant purposes; essential oils; non-medicated eye washes.

In International Class 5

Pharmaceuticals, medical and veterinary preparations for the treatment and or prevention of pain, fever, pulmonary, respiratory, nasal, ophthalmological, ocular, otological, cardiovascular, metabolic, oncological, urological, gynecological, reproductive, climacteric, inflammatory, circulatory, infectious, hormonal, endocrinological, lymphatic, neurological, muscular, skeletal, renal, fungal, parasitic, septic, infectious, digestive, dermatological, allergenic, virological, immunological, hematological, osteological, hyperlipidemic, and podiatric conditions and diseases, and for the treatment of vitamin, mineral and nutritional dietary deficiencies, insect bites and sexual dysfunction; sanitary preparations for medical purposes; dietetic substances, namely, food, beverages, and infusions adapted for medical and veterinary use; antibacterial substances, astringent substances for the skin, medicated substances for the lips, skin and hair, namely, medicated lip balms, skin creams, soaps, shampoos and tissues impregnated with pharmaceutical lotions, medical substances, namely, medical diagnostic reagents, contrast media and substances for testing allergies, all adapted for medical or veterinary use; food for babies; dietary supplements for humans and animals; medical plasters, materials for medical dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides, herbicides; medical and veterinary apparatus and instruments, namely, injection systems featuring a vial filled with medicines containing beta-interferon and an adapter with a gauge needle attached for the application of such medicines.

In International Class 9

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments, namely, computer programs and software for management and analysis of scientific and patent data and for the modeling and simulation of biological systems; sensitized bio chips and bio reactive surfaces, bio chips containing nucleic acid, protein and receptor micro arrays, and micro fluidics cell or bio chip cartridges in nucleic acid and protonic research; laboratory apparatus and instruments, comprising fluidics instruments and optical exciters and detectors, for the production and quality control of sensitized bio chips and bio reactive surfaces containing chemical and biochemical sensors, nucleic acid, protein and receptor micro arrays; imaging systems comprising cameras and computers and exposure controls for use with photo diode arrays; computer software containing algorithms for identifying, filtering, quantifying and analyzing data from bio chip images and controlling and automating the production, identification, assaying, imaging and analysis of bio chips; computer software for the generation of databases and libraries, input of bio chip data into databases and libraries, and interfacing with external databases and libraries for the correlation of

analytical data with results from biological or pharmacological studies; electronic virus inactivation and disinfection apparatus for the ultraviolet treatment of biotechnological or human blood plasma-derived products, namely, pharmaceuticals; computer software for managing, analyzing and reporting medical injection and imaging data and protocols; computer software for tracking usage of contrast and associated consumables; computer software for managing a medical fluid delivery system and related accessories; computer software and associated computer hardware for use in collecting, storing, managing, processing, communicating and reporting of data obtained from medical devices, medical related devices and input devices to which the hardware interconnects; computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information; computer software for farm management; computer programs containing reference guides used for agricultural advice, crop management, crop treatment, product use directions and growth guides; product labels carrying magnetically, optically, or electronically recorded or encoded information used for crop management, crop treatment, product use directions and compliance requirements and downloadable electronic data files featuring administrative forms used for crop registration, crop treatment and produce use and compliance, all in the field of agriculture; electronic interactive database of information in the field of agriculture recorded on computer media; hardware and computer peripheral devices and computer software for use in the area of agriculture to perform the functions of machine optimization, logistics optimization and decision support; electronic systems to control and to manage farm machinery; computer programs for agricultural purposes; computer applications and internet based to increase agricultural productivity and crop tools.

In International Class 10

Surgical, medical, dental and veterinary apparatus and instruments for the analysis of body fluids; medical devices for obtaining blood samples; medical cassettes containing reagents for dispensing of reagents for medical diagnostic purposes; medical instruments, namely, inhalators for the treatment of pulmonary hypertension, sold empty; medical devices, namely, intrauterine devices; medical instruments, namely, a self-contained reconstitution set for the reconstitution and subsequent injection of pharmaceutical compounds; medical devices for delivering measured amounts of solutions into the bloodstream over time; medical devices for use in diagnostic or therapeutic procedures, namely, radiological imaging and interventional treatments; disposable fluid path medical tubing for administration of fluids to a patient; syringes for medical purposes and for injections; computer controlled automatic injection system or automatic infusion system for injecting medical fluids during the process of diagnosis or treatment of a condition in an individual; medical fluid delivery systems consisting of injectors, syringes and disposable fluid path tubing; probes for medical purposes; patient monitoring devices for use with magnetic resonance imaging apparatus, namely, vital signs monitors; medical devices, namely, anatomical positioning devices systems in the nature of medical devices for use in immobilizing internal organs, particularly the prostate, during medical procedures for use with magnetic resonance imaging (MRI); medical devices, namely, coils and interface devices in the nature of anatomically conformable surface coils for use with magnetic resonance imaging (MRI) systems; extravasation detection system for medical purposes comprised primarily of patient monitoring sensors, scan room and control room modules and sensor interface patches; orthopedic articles, namely, insoles, inserts for footwear, arch supports for footwear; orthotics for the foot; orthotic knee supports; arch inserts, namely, orthotic inserts for footwear; orthopedic and mobility aids, namely, orthopedic implants; orthopedic soles; orthopedic footwear; insoles for orthopedic footwear; shoe pads for orthopedic use; orthopedic support bandages; orthopedic insoles; inserts for shoes orthopaedic; orthotic footwear; orthotic insoles; orthotic inserts for footwear; arch supports for footwear; foot bandages supportive; toe inserts for footwear orthopaedic; foot massagers; foot massage apparatus; extravasation detection system for monitoring the injection of medical fluids; computer hardware and software used for diabetes monitoring and management.

In International Class 31

Raw and unprocessed agricultural and horticultural products, namely, unprocessed seeds for agricultural and horticultural use; raw and unprocessed grains and agricultural, horticultural, and vegetable seeds; fresh fruits and vegetables, fresh herbs; natural plants and flowers; bulbs, seedlings and seeds for planting; foodstuffs and beverages for animals; agricultural and aqua-cultural crops, horticulture and forestry products, namely, unprocessed seeds for agricultural, aqua-cultural, forestry, and horticultural use; foodstuffs and fodder for animals; fodder; animal foodstuffs.

In International Class 35

Advertising, marketing and promotional consultancy, advisory and assistance services; business administration; business management; business advice; business consulting; business assistance, management and administrative services; business

analysis, research and information services; Advertising and promotion services and related consulting; provision of an on-line marketplace for buyers and sellers of goods and services; sales promotions for others; retail and wholesale store services in relation to medical preparations, veterinary preparations, pharmaceutical preparations, pharmaceuticals and natural remedies, dietary supplements and dietetic preparations, dietary supplements for humans and animals, dietetic food and substances adapted for medical or veterinary use, food for babies; retail and wholesale store services in relation to sanitary preparations and articles, disinfectants and antiseptics, preparations for destroying vermin, fungicides, herbicides, medicated and sanitizing soaps and detergents, medical dressings, coverings and applicators, pest control preparations and articles, plasters, materials for dressings, material for stopping teeth, dental wax; forestry management services.

In International Class 41

Education services, namely, conducting seminars and workshops in the medical and pharmaceutical fields in the use and operation of computer software for managing, analyzing and reporting medical injection and imaging data and protocols and for tracking usage of contrast and associated consumables; providing of training, namely, seminars, workshops and conferences in the field of medicine, lifestyle and health care; publishing, namely, publications of medical regulations and standards concerning the use of medicines; publication of medical studies; publication of medical and pharmaceutical books, brochures, newspapers, journals and newsletters, featuring information on current health care and pharmaceutical issues; electronic publication of books, magazines, journals, newspapers, and periodicals featuring information on current health care and pharmaceutical issues; reporting news in the field of health care and pharmaceuticals; education services, namely, workshops, conferences and seminars in the field of agriculture.

In International Class 42

Scientific and technological services, namely, scientific research in the medical and pharmaceutical fields and research and design relating thereto; industrial analysis and research services in the medical and pharmaceutical fields; design and development of computer hardware and software; science and technology services, namely, industrial analysis, industrial, scientific and technological research in the health care and agriculture fields; Information technology consulting services; software development, programming and implementation; software research; design, development and implementation of software.

In International Class 44

Medical services; veterinary services; hygienic and beauty care for human beings; hygienic and beauty care for animals; agriculture, aquaculture, horticulture services; forestry services, namely, pest control for forestry; human healthcare services; animal healthcare services.

In respect of the following international class (es) **1, 3, 5, 9, 10, 31, 35, 41, 42 and 44;**

Class Details:

In International Class 1

Chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry except fungicides, herbicides, insecticides and parasiticides; growing media, fertilizers and chemicals for use in agriculture, horticulture and forestry except fungicides, herbicides, insecticides and parasiticides; chemicals for use in aquaculture except fungicides, herbicides, insecticides and parasiticides; chemical preparations for use in agriculture, horticulture and forestry, namely, chemical preparations for the treatment of seeds, plant growth regulating preparations and bio-technologically-formed genes for use in the manufacture of agricultural seeds; chemicals for use in purification of water; natural microorganisms used in pond maintenance; microbial inoculants for application to seeds used in agriculture.

In International Class 3

Bleaching preparations and other substances, namely, detergents, bleaches, starches for laundry use; cleaning, polishing, scouring and abrasive preparations; non-medicated soaps; perfumery, essential oils, non-medicated cosmetics, non-medicated hair lotions; non-medicated dentifrices; tanning substances, namely, non-medicated sun care preparations, sun block preparations, sun screen preparations, sun-tanning preparations, non-medicated skin care preparations, non-medicated lip balms, after sun creams, lotions, gels and oils; cosmetics and non-medicated toilet preparations, all for use in sun-tanning; self-tanning and sunless tanning preparations; skin moisturizing preparations; non-medicated foot care preparations; sanitary preparations and articles, namely, vaginal washes for personal sanitary or deodorant purposes; essential oils; non-medicated eye washes.

In International Class 5

Pharmaceuticals, medical and veterinary preparations for the treatment and or prevention of pain, fever, pulmonary, respiratory, nasal, ophthalmological, ocular, otological, cardiovascular, metabolic, oncological, urological, gynecological, reproductive, climacteric, inflammatory, circulatory, infectious, hormonal, endocrinological, lymphatic, neurological, muscular, skeletal, renal, fungal, parasitic, septic, infectious, digestive, dermatological, allergenic, virological, immunological, hematological, osteological, hyperlipidemic, and podiatric conditions and diseases, and for the treatment of vitamin, mineral and nutritional dietary deficiencies, insect bites and sexual dysfunction; sanitary preparations for medical purposes; dietetic substances, namely, food, beverages, and infusions adapted for medical and veterinary use; antibacterial substances, astringent substances for the skin, medicated substances for the lips, skin and hair, namely, medicated lip balms, skin creams, soaps, shampoos and tissues impregnated with pharmaceutical lotions, medical substances, namely, medical diagnostic reagents, contrast media and substances for testing allergies, all adapted for medical or veterinary use; food for babies; dietary supplements for humans and animals; medical plasters, materials for medical dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides, herbicides; medical and veterinary apparatus and instruments, namely, injection systems featuring a vial filled with medicines containing beta-interferon and an adapter with a gauge needle attached for the application of such medicines.

In International Class 9

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments, namely, computer programs and software for management and analysis of scientific and patent data and for the modeling and simulation of biological systems; sensitized bio chips and bio reactive surfaces, bio chips containing nucleic acid, protein and receptor micro arrays, and micro fluidics cell or bio chip cartridges in nucleic acid and protonic research; laboratory apparatus and instruments, comprising fluidics instruments and optical exciters and detectors, for the production and quality control of sensitized bio chips and bio reactive surfaces containing chemical and biochemical sensors, nucleic acid, protein and receptor micro arrays; imaging systems comprising cameras and computers and exposure controls for use with photo diode arrays; computer software containing algorithms for identifying, filtering, quantifying and analyzing data from bio chip images and controlling and automating the production,

identification, assaying, imaging and analysis of bio chips; computer software for the generation of databases and libraries, input of bio chip data into databases and libraries, and interfacing with external databases and libraries for the correlation of analytical data with results from biological or pharmacological studies; electronic virus inactivation and disinfection apparatus for the ultraviolet treatment of biotechnological or human blood plasma-derived products, namely, pharmaceuticals; computer software for managing, analyzing and reporting medical injection and imaging data and protocols; computer software for tracking usage of contrast and associated consumables; computer software for managing a medical fluid delivery system and related accessories; computer software and associated computer hardware for use in collecting, storing, managing, processing, communicating and reporting of data obtained from medical devices, medical related devices and input devices to which the hardware interconnects; computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information; computer software for farm management; computer programs containing reference guides used for agricultural advice, crop management, crop treatment, product use directions and growth guides; product labels carrying magnetically, optically, or electronically recorded or encoded information used for crop management, crop treatment, product use directions and compliance requirements and downloadable electronic data files featuring administrative forms used for crop registration, crop treatment and produce use and compliance, all in the field of agriculture; electronic interactive database of information in the field of agriculture recorded on computer media; hardware and computer peripheral devices and computer software for use in the area of agriculture to perform the functions of machine optimization, logistics optimization and decision support; electronic systems to control and to manage farm machinery; computer programs for agricultural purposes; computer applications and internet based to increase agricultural productivity and crop tools.

In International Class 10

Surgical, medical, dental and veterinary apparatus and instruments for the analysis of body fluids; medical devices for obtaining blood samples; medical cassettes containing reagents for dispensing of reagents for medical diagnostic purposes; medical instruments, namely, inhalators for the treatment of pulmonary hypertension, sold empty; medical devices, namely, intrauterine devices; medical instruments, namely, a self-contained reconstitution set for the reconstitution and subsequent injection of pharmaceutical compounds; medical devices for delivering measured amounts of solutions into the bloodstream over time; medical devices for use in diagnostic or therapeutic procedures, namely, radiological imaging and interventional treatments; disposable fluid path medical tubing for administration of fluids to a patient; syringes for medical purposes and for injections; computer controlled automatic injection system or automatic infusion system for injecting medical fluids during the process of diagnosis or treatment of a condition in an individual; medical fluid delivery systems consisting of injectors, syringes and disposable fluid path tubing; probes for medical purposes; patient monitoring devices for use with magnetic resonance imaging apparatus, namely, vital signs monitors; medical devices, namely, anatomical positioning devices systems in the nature of medical devices for use in immobilizing internal organs, particularly the prostate, during medical procedures for use with magnetic resonance imaging (MRI); medical devices, namely, coils and interface devices in the nature of anatomically conformable surface coils for use with magnetic resonance imaging (MRI) systems; extravasation detection system for medical purposes comprised primarily of patient monitoring sensors, scan room and control room modules and sensor interface patches; orthopedic articles, namely, insoles, inserts for footwear, arch supports for footwear; orthotics for the foot; orthotic knee supports; arch inserts, namely, orthotic inserts for footwear; orthopedic and mobility aids, namely, orthopedic implants; orthopedic soles; orthopedic footwear; insoles for orthopedic footwear; shoe pads for orthopedic use; orthopedic support bandages; orthopedic insoles; inserts for shoes orthopaedic; orthotic footwear; orthotic insoles; orthotic inserts for footwear; arch supports for footwear; foot bandages supportive; toe inserts for footwear orthopaedic; foot massagers; foot massage apparatus; extravasation detection system for monitoring the injection of medical fluids; computer hardware and software used for diabetes monitoring and management

In International Class 31

Raw and unprocessed agricultural and horticultural products, namely, unprocessed seeds for agricultural and horticultural use; raw and unprocessed grains and agricultural, horticultural, and vegetable seeds; fresh fruits and vegetables, fresh herbs; natural plants and flowers; bulbs, seedlings and seeds for planting; foodstuffs and beverages for animals; agricultural and aqua-cultural crops, horticulture and forestry products, namely, unprocessed seeds for agricultural, aqua-cultural, forestry, and horticultural use; foodstuffs and fodder for animals; fodder; animal foodstuffs.

In International Class 35

Advertising, marketing and promotional consultancy, advisory and assistance services; business administration; business management; business advice; business consulting; business assistance, management and administrative services; business analysis, research and information services; Advertising and promotion services and related consulting; provision of an on-line marketplace for buyers and sellers of goods and services; sales promotions for others; retail and wholesale store services in relation to medical preparations, veterinary preparations, pharmaceutical preparations, pharmaceuticals and natural remedies, dietary supplements and dietetic preparations, dietary supplements for humans and animals, dietetic food and substances adapted for medical or veterinary use, food for babies; retail and wholesale store services in relation to sanitary preparations and articles, disinfectants and antiseptics, preparations for destroying vermin, fungicides, herbicides, medicated and sanitizing soaps and detergents, medical dressings, coverings and applicators, pest control preparations and articles, plasters, materials for dressings, material for stopping teeth, dental wax; forestry management services.

In International Class 41

Education services, namely, conducting seminars and workshops in the medical and pharmaceutical fields in the use and operation of computer software for managing, analyzing and reporting medical injection and imaging data and protocols and for tracking usage of contrast and associated consumables; providing of training, namely, seminars, workshops and conferences in the field of medicine, lifestyle and health care; publishing, namely, publications of medical regulations and standards concerning the use of medicines; publication of medical studies; publication of medical and pharmaceutical books, brochures, newspapers, journals and newsletters, featuring information on current health care and pharmaceutical issues; electronic publication of books, magazines, journals, newspapers, and periodicals featuring information on current health care and pharmaceutical issues; reporting news in the field of health care and pharmaceuticals; education services, namely, workshops, conferences and seminars in the field of agriculture.

In International Class 42

Scientific and technological services, namely, scientific research in the medical and pharmaceutical fields and research and design relating thereto; industrial analysis and research services in the medical and pharmaceutical fields; design and development of computer hardware and software; science and technology services, namely, industrial analysis, industrial, scientific and technological research in the health care and agriculture fields; Information technology consulting services; software development, programming and implementation; software research; design, development and implementation of software.

In International Class 44

Medical services; veterinary services; hygienic and beauty care for human beings; hygienic and beauty care for animals; agriculture, aquaculture, horticulture services; forestry services, namely, pest control for forestry; human healthcare services; animal healthcare services.

In respect of the following international class (es) 4, 6, 7, 9, 12, 35, 37, 39 and 40;

Class Details:

In International Class 4

Petroleum (crude or refined); electrical energy in all forms; petroleum products derived from crude oil namely kerosene, motor fuel, fuel gas, waxes; carburant; biocarburant; fuels and biofuels; fuel oil; natural gas and petroleum gases in all forms; lubricants, industrial oils and greases; base oils; non-chemical additives for use in industry; non-chemical additives for fuels, lubricants, propellants, bitumen and other petroleum products; non-chemical additives for insecticides, herbicides and fungicides; petroleum solvents.

In International Class 6

Metal containers for storage or transport; metal plugs-cylinders, tanks, and metal vats for gas and petroleum products; pipelines, metal hoses and metal pipes for the transport of gas and petroleum products.

In International Class 7

Power supply generating apparatus and machines; electricity and gas generators; wind turbines and parts thereof; motor parts; motor filters; oil refining machines.

In International Class 9

Scientific, photographic, optical, surveying, weighing, measuring, signalling, checking (supervision) and teaching apparatus and instruments; apparatus and instruments for conducting, distributing, transforming, accumulating, adjusting, or controlling electricity; electricity conduits and equipment for conducting electricity (wires, cables); electrical collectors; electricity measuring instruments; gasometers (measuring instruments); apparatus and instruments for monitoring, measuring and

managing energy; device control and management devices for the production of energy; energy regulators; batteries and cells; chargers for batteries and cells; solar apparatus and installations for the production of electricity; photovoltaic cells and modules; solar panels; accumulators for photovoltaic power; safety and automation apparatus for buildings and private houses; servers for home automation; frequency changers, voltage converters; fuel dispensers for service stations; electric accumulators and apparatus for recharging electric accumulators; charging stations for electric vehicles; protective and safety equipment and clothing; warning triangles for breakdown vehicles; spectacles and spectacle cases; loudspeakers; data processing equipment; downloadable computer software, namely, software development tools for creation of mobile internet applications and client interfaces; diagnostic apparatus, not for medical purposes; apparatus and software for testing and analyzing petroleum and chemical products; electronic and magnetic cards; transmitters, cards and badges allowing access to road or motorway networks.

In International Class 12

Vehicles; parts, fittings and accessories for vehicles; electric vehicles; drones.

In International Class 35

Advertising and sales promotion services; organisation and management of commercial operations for customer loyalty schemes; loyalty card services; organisation of exhibitions or events for commercial or advertising purposes; advertising and commercial sponsorship and patronage; subscription and subscription management services (for third parties) to publications; administration, billing and accounting services on behalf of third parties; business management relating to the purchase, sale and supply of energy and petroleum and chemical products; entering into contracts for the purchase and sale of energy; utility meter reading for billing purposes; promotion of goods, for others, powered by energy of all kinds; business advisory services and collection of business information relating to energy consumption (improvement and control of energy consumption); vehicle fleet management services; automatic toll collection subscription services; files, databases and hosting platform management services; administrative management of the purchase of products and / or services; wholesale or retail services for petroleum, gas and chemical products; retail services for automotive products (petroleum and maintenance), vehicle accessories, food products and beverages, newspaper and stationary articles, books and various publications, drugstore products, hygiene and perfumery products, household cleaning products, audio and video products, toys, flowers, clothing and footwear, mobile phone products and accessories, lottery games.

In International Class 37

Natural resources extraction services; refuelling and fuelling services; vehicle service stations; maintenance, washing and repair of vehicles and vehicle parts; vehicle oil change services; assistance in case of vehicle breakdown (repair); greasing, lubrication and engine tuning; inflation, repair and fitting of tyres; road construction, maintenance and upkeep services; commissioning, maintenance, troubleshooting, repair and rental of energy production and distribution apparatus and installations; construction, maintenance and upkeep of refineries and structures for the production, distribution and storage of petroleum and chemical products; rental of rigs and drilling equipment; drilling of wells; construction, installation and maintenance of pipelines, oil and gas pipelines.

In International Class 39

Transport, packaging, distribution (delivery), storage, supply of goods, including petroleum, gas and chemical products as well as all products marketed in service stations; transport, distribution (delivery), storage and supply of energy in all forms; information and advice related to the aforesaid services; towing, rental and temporary provisioning of vehicles; traffic and transport information; navigation and geolocation services for vehicles.

In International Class 40

Production of all forms of energy; transformation and treatment of all materials for energy production; processing services of natural elements (sun, water, wind) into energy; treatment of materials; treatment, recycling and disposal of waste and organic matter; refining; purification, decontamination and depollution services for air, water and soil; decontamination, depollution and sanitation services for industrial installations and sites, equipment and apparatus in the field of energy production; technical information and advice to others relating to energy production; rental of apparatus and installations for generating energy in all forms and providing of information relating thereto; rental of chemical treatment apparatus and installations and provision of information relating thereto; mixing lubricants for third parties.
