# **REGISTRAR OF INDUSTRIAL PROPERTY**

THE TRADE MARKS ACT 1999

The Jamaica Intellectual Property Office  
Trade Marks, Designs and Geographical Indication Directorate  
18 Trafalgar Road  
Kingston 10  
Jamaica

**The following applications for registration of a Trade Mark have been received and it is hereby notified that pursuant to section 22 and 24 of the Trade Marks Act 1999 and Rule 12 of the Trade Marks Rules 2001, any person may, within two months from the date of this publication of an application for registration of a Trade Mark, give to the Registrar notice of opposition to the registration and the applicant a duplicate of the notice and in the absence of any such notice, the name, address and description of the applicants will be entered in the Register of Trade Marks as the registered proprietors of the Trade Mark described in their application.**

M. Goffe

for Registrar of Industrial Property

---

## **Disclaimer**

Information printed for each accepted mark in this journal has been uplifted from the corresponding application and is an accurate representation of the application filed.

microphones; audio receivers; audio transmitters; wireless computer peripherals; head-mounted video display; receivers of electronic signals; video receivers; wireless transmitters and receivers for reproduction of sound and signals; electric sensors; sensors for monitoring physical movements; software for sending and receiving electronic messages, graphics, images, audio and audio visual content via the internet and communication networks; software in the nature of a mobile application; sim cards; software for processing images, graphics, audio, video, and text; software, namely, instant messaging software, file sharing software, communications software for electronically exchanging data, audio, video images and graphics via computer, mobile, wireless, and communication networks; software for personal information management, and data synchronization software; software for managing social networking content, interacting with a virtual community, and transmission of images, audio, audio-visual and video content, photographs, videos, data, text, messages, comments, advertisements, media advertising communications and information; software for displaying and sharing a user's location and finding, locating, and interacting with other users and places; software for use in customer relationship management (CRM); software for providing consumer information; messaging software; software for facilitating and arranging for the financing and distribution of fundraising and donations; software for online charitable fundraising services and financial donation services; software for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, instant message and online social networking services; telecommunications equipment for providing third party access to, and enabling the transmission of video, data and voice over, global communications networks, namely, mobile and access computer and mobile telephone terminals, base transceiver stations and wireless radio parts thereof, data transceivers, data repeaters, routers and switches, transmission circuits, integrated circuits, computer hardware, mobile cloud clients and servers, multiplexers, digital signal processors, radio frequency signal processors, mobile switching circuits, air traffic electrical controllers, mobility electrical controllers, access electrical controllers, remote port electrical controllers, radio ports, antennas, electronic radio components, software for telecommunications applications, and mobile core networks comprising data transceivers, wireless networks and gateways for collection, transmission and management of data, voice and video; communication software and communication computer hardware for providing access to the internet.

*In International Class 35*

Marketing, advertising and promotion services; provision of market research and information services; promoting the goods and services of others via computer and communication networks; business and advertising services, namely, media planning and media buying for others; business and advertising services, namely, advertising services for tracking advertising performance, for managing, distributing and serving advertising, for analyzing advertising data, for reporting advertising data, and for optimizing advertising performance; consulting services in the fields of advertising and marketing; facilitating the exchange and sale of services and products of third parties via computer and communication networks; online retail store services featuring a wide variety of consumer goods of others, gift cards, and delivery of digital media, virtual reality headsets, and virtual reality content and data; providing online marketplaces for sellers of goods and/or services; providing online

*facilities for connecting sellers with buyers; business networking; employment and recruiting services; advertising and information distribution services, in particular, providing classified advertising space via the global computer network; providing online computer databases and online searchable databases in the field of classifieds; pre-paid gift card services, in particular, issuing gift card certificates that may be redeemed for goods or services; charitable services, in particular promoting public awareness about charitable, philanthropic, volunteer, public and community service and humanitarian activities; providing contest and incentive award programs designed to recognize, reward and encourage individuals and groups which engage in self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community service and humanitarian activities and sharing of creative work product; organizing exhibitions and events in the field of software and hardware development for commercial or advertising purposes; association services that promote the interests of professionals and businesses in the field of mobile software application development; online advertising and promoting the goods and services of others via the internet; marketing and advertising consultation services; market research services; advertising, marketing and promoting the goods and services of others by means of providing photo and video equipment at special events; providing online facilities for live streaming video of promotional events; arranging and conducting special events for commercial, promotional or advertising purposes; advertising via electronic media; organizing, promoting and conducting exhibitions, tradeshows and events for business purposes; organizing and conducting events, exhibitions, expositions and conferences for commercial purposes in the interactive entertainment, virtual reality, consumer electronics and video game entertainment industries; online retail store services featuring virtual reality and augmented reality headsets, games, content and digital media; providing telephone directory information via global communications networks; electronic catalog services; customer relationship management; business assistance and consulting services; providing online facilities featuring user comments concerning business organizations, service providers, and other resources; advertising services; dissemination of advertising for others via a global computer network; advertising services, namely, advertising campaign management, targeting, implementation and optimization services; marketing research, namely, advertising campaign and consumer preferences research and analysis; promoting the goods and services of others by means of distributing video advertising on the internet; advertising services, namely, scheduling, tracking, and reporting advertising for others; preparation and realization of media and advertising plans and concepts; ad serving, namely, placing advertisements on websites for others; advertising services, namely, targeting and optimization of online advertising; business information management, namely, reporting of business information and business analytics in the fields of advertising and marketing; business management; business administration, office functions; business consultation regarding marketing activities; media planning and media buying services; brand consulting; design of advertising materials for others; providing online business directories featuring restaurants, bars, movie theaters, dance clubs, museums, art galleries, and other cultural and social spaces; promoting the public interest and awareness of issues involving access to the internet for the global population; business consultation in the field of telecommunications; business management consulting services to enable business entities, non-governmental organizations and non-profit organizations to develop, organize, and administer programs to offer greater access to global communications networks.*

*In International Class 36*

*Financial transaction processing services, namely, providing secure commercial transactions and payment options; electronic processing and transmission of bill payment data for users of the internet and communication networks; electronic funds transfer services; credit card, debit card, and gift card transaction processing services; merchant services, namely, payment transaction processing services; providing electronic mobile payment services for others; financial services; payment processing services; financial transaction services; facilitating and arranging for the financing and distribution of fundraising and donations; online charitable fundraising services and financial donation services.*

*In International Class 38*

*Photo sharing and video sharing services, namely, electronic transmission of digital photo files, videos and audio visual content among internet users; providing access to computer, electronic and online databases; telecommunications services, namely, electronic transmission of electronic media, data, messages, graphics, images, audio, video and information; providing online forums for communication on topics of general interest; providing online communications links which transfer mobile device and internet users to other local and global online locations; facilitating access to third party websites or to other electronic third party content via a universal login; providing online chat rooms, instant messaging services, and electronic bulletin boards; audio, text and video broadcasting services over the internet or other communications networks; voice over internet protocol (VOIP) services; telephony communication services; providing access to computer databases in the fields of*

*social networking and social introduction and dating; peer-to-peer photo and data sharing services, namely, electronic transmission of digital photo files, graphics and audio content among internet users; telecommunications and peer-to-peer network computer services, namely, electronic transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; chatroom services for social networking; streaming and live streaming of video, audiovisual, and interactive audiovisual content via the internet; telecommunications services, namely, electronic transmission of virtual reality content and data; providing electronic bulletin boards for transmission of messages among users in the field of general interest; video conferencing services; providing technical support services regarding the usage of communications equipment; providing facilities and equipment for video conferencing; teleconferencing; providing an online community forum for users to share and stream information, audio, video, real-time news, entertainment content, or information, to form virtual communities, and to engage in social networking; telecommunication services, namely, data transmission and reception services via telecommunication networks; mobile phone communication services; web messaging; video teleconferencing; instant messaging services; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunications networks; encrypted electronic transmission and delivery of recovered data; provision of access to telecommunication networks and the internet; internet connectivity; information about telecommunication; consulting in the field of telecommunication services, namely, transmission of voice, data, and documents via telecommunications networks.*

*In International Class 41*

*Providing access to interactive electronic and online databases of user-defined content, third-party content, photos, video, audio, visual, and audio-visual material in the field of general interest; photosharing and video sharing services; electronic publishing services for others; entertainment services, namely, facilitating interactive and multiplayer and single player game services for games played via the internet or communication networks; providing information about online computer games and video games via computer or communication networks; arranging and conducting competitions and facilitating events for video gamers and computer game players; providing online resources for software developers; contest and incentive award programs designed to recognize, reward and encourage individuals and groups which engage in self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community service and humanitarian activities and sharing of creative work product; organizing and sponsoring contest and incentive award programs for software developers; publication of educational materials, namely, publishing of books, journals, newsletters, and electronic publications; educational services, in particular, organizing and conducting conferences, courses, seminars, and online training in the fields of advertising, marketing, social networking, the internet, and social media, and distribution of course material in connection therewith; online journals, namely, weblogs (blogs) featuring user-defined content; entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content; entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content; entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content; providing a computer game for use network-wide by network users; providing online virtual reality games; providing online augmented reality games; providing online mixed reality games; entertainment services, namely, providing online video games; organizing exhibitions in the field of interactive entertainment, virtual reality, consumer electronics and video game entertainment industries for cultural or educational purposes; arranging and conducting educational conferences; organizing exhibitions and events in the field of software development for educational purposes; educational services, namely, organizing and conducting conferences and seminars in the fields of artificial intelligence and the internet of things; training in the field of design, advertising and communication technologies; training in the field of strategic media planning relating to advertising, marketing and business; online journals, namely, blogs featuring advertising, marketing and business; providing computer, electronic and online databases in the field of entertainment; publishing services, namely, publishing of electronic publications for others; rental of photography and/or videography kiosks for capturing, uploading, editing and sharing of pictures and videos; entertainment services, namely, providing online facilities for streaming entertainment content and live streaming video of entertainment events; organizing live exhibitions and conferences in the fields of culture, entertainment and social networking for non-business and non-commercial purposes; providing online games; entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content and experiences; entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content and experiences; entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content and experiences; entertainment services, namely, arranging and conducting of competitions for encouraging use and development of interactive entertainment, virtual reality, augmented reality, consumer electronics, and video game entertainment software and hardware; organizing exhibitions and events for cultural, educational,*

*or entertainment purposes; production of video and computer game software; virtual reality arcade services; augmented reality arcade services; virtual reality game services provided online from a computer network; augmented reality game services provided online from a computer network; providing online computer games and interactive games; augmented reality video production; virtual reality video production; production of video and computer game software; providing online game software; entertainment services, namely, providing interactive games; multimedia entertainment software production services; multimedia production services; entertainment services in the nature of development, creation, production and post-production services of multimedia entertainment content; entertainment services, namely, providing augmented reality games and interactive entertainment content; entertainment services, namely, providing online virtual reality environments; entertainment services, namely, providing online augmented reality environments; providing entertainment information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, photographic images and audio visual information, via the internet and communication networks; organizing, promoting and conducting exhibitions, tradeshows and events for business purposes; providing information about online computer games and video games via computer or communication networks; arranging and conducting competitions and facilitating events for video gamers and computer game players; organizing exhibitions in the field of interactive entertainment, virtual reality, consumer electronics and video game entertainment industries for cultural or educational purposes arranging and conducting educational conferences organizing exhibitions and events in the field of software development for educational purposes; providing a website featuring non-downloadable publications about virtual reality technology; providing a website featuring non-downloadable publications about augmented reality technology; entertainment and educational services, namely, providing non-downloadable movies, television shows, webcasts, audiovisual, and multimedia works via the internet, as well as information, reviews, and recommendations regarding movies, television shows, webcasts, audiovisual, and multimedia works; providing computer, electronic and online databases for educational, recreational and amusement use in the field of entertainment and in the fields of secondary, collegiate, social and community interest groups.*

*In International Class 42*

*Design and development of computer hardware and software; computer services, namely, creating virtual communities for registered users to organize groups, meetings, and events, participate in discussions and engage in social, business and community networking; computer services, in particular, hosting electronic facilities for others for organizing and conducting meetings, events and interactive discussions via the internet and communication networks; computer services in the nature of customized electronic personal and group profiles or webpages featuring user-defined or specified information, including, audio, video, images, text, content, and data; computer services, namely, providing search engines for obtaining data via the internet and communications networks; providing online facilities featuring technology that enables online users to create personal profiles featuring social and business networking information, to transfer and share such information among multiple online facilities to engage in social networking, and to manage their social networking accounts; providing software for social networking, creating a virtual community, and transmission of audio, video, images, text, content, and data; application service provider (ASP) services, namely, hosting software applications of others; application service provider (ASP) featuring software to enable or facilitate the creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via the internet and communications networks; providing an online network service that enables users to transfer personal identity data to and share personal identity data with and among multiple online facilities; providing information from searchable indexes and databases of information, including text, electronic documents, databases, graphics, electronic media, images and audio visual content, via the internet and communications networks; providing non-downloadable e-commerce software to allow users to perform electronic business transactions via the internet and communications networks; computer services, in particular, application service provider featuring application programming interface (API) software to allow users to perform electronic business transactions via a global computer network; software as a service (SAAS) services featuring software for sending and receiving electronic messages, notifications and alerts and for facilitating electronic business transactions via the internet and communications networks; providing software for use in designing, managing, measuring, analyzing, disseminating, and serving advertising of others; application service provider featuring application programming interface (API) software for managing, tracking, reporting and measuring media planning, media buying and advertising of others; online ad-buying platform provider, namely, providing non-downloadable software programs for allowing buyers and sellers of online advertising to purchase and sell advertising inventory; platform as a service (PAAS) featuring computer software platforms for use in purchasing and disseminating advertising; application service provider (ASP) featuring software for use in buying, selling, designing,*

managing, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; application service provider (ASP) featuring software for use in designing and managing online advertising and marketing campaigns; designing and developing computer game software and video game software for use with computers, video game program systems and computer networks; development of hardware for use in connection with electronic and interactive multimedia games; electronic and interactive multimedia game development services; providing online facilities that gives users the ability to upload, modify and share virtual reality content, information, experiences and data; providing online facilities that gives users the ability to upload, modify and share augmented reality content, information, experiences and data; providing online facilities that gives users the ability to upload, modify and share mixed reality content, information, experiences and data; design, engineering, research, development and testing services in the field of mobile application software development related to the use and functionality of hyperlinks; technical consultation in the field of mobile application software development related to the use and functionality of hyperlinks; providing software enabling development, assessment, testing ,and maintenance of mobile software applications for portable computing devices; educational services, namely, organizing and conducting conferences and seminars in the fields of artificial intelligence and the internet of things; providing user authentication services using single sign-on and software technology for e-commerce transactions; providing user authentication services of electronic funds transfer, credit and debit card and electronic check transactions using single sign-on and software technology; providing an application programming interface (API) to allow users to perform electronic business transactions via the internet; providing software for processing electronic payments; platform as a service (PAAS) services featuring computer software to allow users to perform business and e-commerce transactions; providing application programming interface (API) software for use in electronic messaging and transmission of audio, video, images, text, content and data; platform as a service (PAAS) featuring computer software platforms for electronic messaging and transmission of audio, video, photographic images, text, graphics and data; providing software for electronic messaging; mapping services; providing software for mapping services; application service provider (ASP) featuring software for mapping services; providing software for sharing and displaying a user's location, planning activities with other users and making recommendations; application service provider (ASP) featuring software to enable or facilitate the sharing and displaying a user's location, planning activities with other users and making recommendations; providing software for social and destination mapping; application service provider (ASP) featuring software to enable or facilitate social and destination mapping; providing software for making reservations and bookings; application service provider (ASP) featuring software to enable or facilitate making reservations and bookings; providing software for ordering and/or purchasing goods and services; application service provider (ASP) featuring software to enable or facilitate ordering and/or purchasing goods and services; providing location-aware software for searching, determining and sharing the location of goods, services and events of interest; application service provider (ASP) featuring location-aware software for searching, determining and sharing the location of goods, services and events of interest; providing software for creating, managing and accessing user-created and administered private groups within virtual communities; providing software for searching and identifying local and location-based points of interest, events, landmarks, employment opportunities, entertainment, cultural events, shopping and offers; providing software for searching and identifying employment opportunities; providing software for identifying and allowing users to contact government representatives; providing software for providing a virtual marketplace; providing software for providing location-based weather information; providing software for providing, linking to, or streaming news or current events information; providing software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; design of augmented reality and virtual reality effects for use in modifying photographs, images, videos and audio-visual content; providing online facilities that gives users the ability to upload, modify and share virtual reality content and data; providing online facilities that gives users the ability to upload, modify and share augmented reality content and data; providing online facilities that gives users the ability to upload, modify and share mixed reality content and data; online video ad-buying platform provider, namely, providing non-downloadable software programs for allowing buyers and sellers of online video advertising to purchase and sell video advertising inventory; platform as a service (PAAS) featuring computer software platforms for use in purchasing and disseminating advertising; application service provider (ASP) featuring software for use in buying, selling, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; application service provider (ASP) featuring software for use in designing and managing online video advertising and marketing campaigns; providing online facilities that give users the ability to engage in social networking and manage their social networking content; providing software for creating and managing social media profiles and user accounts; providing software for modifying photographs, images and audio, video, and audio-video content with photographic filters and augmented reality (AR) effects,

namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; software for viewing and interacting with a feed of electronic media, namely, images, audio-visual and video content, live streaming video, commentary, advertisements, news, and internet links; providing software for finding content and content publishers, and for subscribing to content; providing software for organizing images, video, and audio-visual content using metadata tags; computer services, namely, creating a virtual community for registered users to share, view, subscribe to and interact with images, audio-visual and video content and related data and information; application service provider (ASP) featuring software for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; application service provider (ASP) featuring application programming interface software which facilitates online services for social networking developing software applications; platform as a service (PAAS) featuring software platforms for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; rental of software that gives users the ability to upload, edit, and share images, videos and audio-visual content; computer services, namely, curating online user-defined content and advertisements and creating social media feeds; providing software for taking photographs and recording audio, audio-visual and video content; providing software for uploading, downloading, archiving, enabling transmission of, and sharing images, audio-visual and video content and associated text and data; providing software for streaming multimedia entertainment content; providing software for creating and maintaining an online presence for individuals, groups, companies, and brands; providing software for advertisers to communicate and interact with online communities; personal assistant software; social assistant software; providing online facilities featuring temporary use of non-downloadable software for sending and receiving electronic messages, instant messages, electronic message alerts and reminders, photographs, images, graphics, data, audio, videos and audio-visual content via the internet and communication networks; e-commerce software to allow users to perform electronic business transactions via the internet; providing temporary use of non-downloadable computer software for accessing, collecting, displaying, editing, linking, modifying, organizing, tagging, streaming, sharing, storing, transmitting, and otherwise providing electronic media, photographs, images, graphics, audio, videos, audio-visual content, data and information via the internet and communication networks; providing temporary use of non-downloadable computer software for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; application service provider (ASP) services featuring software to enable or facilitate voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; computer services, namely, providing information in the fields of technology and software development via the internet and communication networks; providing software for use in taking and editing photographs and recording and editing videos; application service provider (asp) featuring software to enable or facilitate taking and editing photographs and recording and editing videos; design and development of computer game hardware and software; design and development of virtual reality hardware and software; design and development of mixed reality hardware and software; design and development of video game hardware and software; providing temporary use of non-downloadable software applications for social networking, creating a virtual community, and transmission of virtual reality content and data; computer services in the nature of providing customized online pages featuring user-defined or specified information, personal profiles, virtual reality, and augmented reality content and data; computer programming services for creating virtual reality videos and games; design and development of augmented reality hardware and software; software development; development of interactive multimedia software; maintenance and repair of computer software; providing temporary use of non-downloadable computer software for transmitting, sharing, receiving, downloading, displaying, interacting with and transferring content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works; computer services, namely, providing information in the fields of technology and software development via a global computer network; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer services, namely, cloud hosting provider services; providing temporary use of online non-downloadable cloud computing software for use in electronic storage of data; providing temporary use of online non-downloadable cloud computing software for virtual, augmented reality applications and environments; file sharing services, namely, providing online facilities for others featuring technology enabling users to upload and download electronic files; computer services, namely, hosting electronic facilities for others for interactive discussions via communication networks; providing online non-downloadable software; application service provider, namely, providing, hosting, managing, developing, and maintaining applications, software, web sites, and databases in the fields of wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; application service provider (ASP); providing online facilities that give

*users the ability to upload, modify and share audio, video, photographic images, text, graphics and data; providing temporary use of online non-downloadable software and applications for instant messaging, voice over internet protocol (VOIP), video conferencing, and audio conferencing; computer services, namely, creating an online community for registered users to engage in social networking; data encryption services; encrypted electronic transmission and delivery of recovered data; providing software and applications for customer relationship management (CRM); application service provider (ASP) featuring software for customer relationship management (CRM); providing online software platform services that give users the ability to post ratings, reviews, referrals and recommendations relating to businesses, restaurants, service providers, events, public services and government agencies; computer services, in particular, application service provider featuring application programming interface (API) software for customer relationship management (CRM); hosting of digital [virtual reality and augmented reality] content on the internet; computer services, namely, providing remote management of devices via computer networks, wireless networks or the internet; providing software for facilitating and arranging for the financing and distribution of fundraising and donations; providing software for online charitable fundraising services and financial donation services.*

*In International Class 45*

*Social introduction and networking and dating services; providing access to computer databases and online searchable databases in the fields of social networking, social introduction and dating; providing information in the field of personal development, self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community services, and humanitarian activities; providing concierge services for others, namely, booking reservations, facilitating purchases, arranging deliveries, making requested personal arrangements, providing recommendations on products and services, providing customer-specific information to meet individual needs, and provision of electronic reminders and notifications; online social networking services; providing information in the form of databases featuring information in the fields of social networking and social introduction; user verification services; identification verification services; business identification verification services; legal services.*

*Software and downloadable mobile applications for social networking; software and downloadable mobile applications for professional networking; software and downloadable mobile applications for facilitating communication in the field of social networking; software and downloadable mobile applications for creating, managing, and interacting with an online community; software and downloadable mobile applications for creating, sharing, disseminating and posting photos, videos, personal and general information for the purposes of social, personal and professional networking; software and downloadable mobile applications for sending electronic notifications, alerts and reminders; electronic mail and messaging software; instant messaging software; computer software for the collection, editing, organizing, modifying, transmission, storage and sharing of data and information; software and downloadable mobile applications for real-time delivery of messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; software and downloadable mobile applications for creating, editing, uploading, downloading, accessing, viewing, browsing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, organizing, managing, interacting with and sharing messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content, via global computer networks, the internet and other communications networks; software and downloadable mobile applications for accessing, browsing, viewing, uploading, sending, receiving, sharing, and communicating information in the fields of general interest, social networking, news, current events and blogging via secure networks, private networks, global computer networks, and the internet; software*

and downloadable mobile applications for interacting with a feed of messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; software and downloadable mobile applications that generate customized recommendations of messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content based on user preferences; software and downloadable mobile applications for creating, editing, accessing, viewing, browsing, posting, displaying, indicating sentiment about, commenting on, embedding, transmitting, organizing, managing, and sharing user-generated opinion polls; software and downloadable mobile applications for organizing events; software and downloadable mobile applications for taking photographs and for recording audio, video and audio-visual content; software and downloadable mobile applications for recording and streaming live audio, live video, live audio-visual content, live sports events, live fashion shows, live concerts, live events, and live news; software and downloadable mobile applications to enable the streaming of user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; software and downloadable mobile applications for modifying photographs, graphics, animations, GIFs, user uploaded video clips, user uploaded audio clips, live video, and other user-generated content with photographic filters and augmented reality effects, namely, graphics, animations, text, drawings, geotags, metadata tags, and hyperlinks; software and downloadable mobile applications for modifying, editing and enabling transmission of messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; software and downloadable mobile applications for tagging messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content, with data, namely, date, location, people and subject matter; software and downloadable mobile applications for displaying and sharing a user's location and personal preferences; downloadable mobile applications for finding, locating, and interacting with other users and places; software for geo-location based advertising and product and service promotions; software and downloadable mobile applications for the collection, editing, organizing, modifying, bookmarking, transmission, storage and sharing of information, namely, messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, user-generated content, friend lists, user preferences, user profiles, personal data of users, and information via global computer networks, the internet and other communications networks; software and downloadable mobile applications for charitable fundraising and collection and distribution of donations for charitable purposes; computer software development tools; computer software for use as an application programming interface (API); application programming interface (API) for use in building software applications; application programming interface (API) software for enabling the sharing of computer programming code with other computer software; application programming interface (API) for third-party software; application programming interface (API) software for data retrieval, upload, download, access and management; computer software for logging, analyzing, and reporting operational statistics of third-party computer software applications and mobile applications; computer software for logging, analyzing, and reporting on the performance of computer, tablet, and mobile phone devices; software for collecting and analyzing data from mobile applications; computer software used to enhance the capabilities and features of other software and non-downloadable online software; software and downloadable mobile applications for use in advertising third-party goods and services; software and downloadable mobile applications to facilitate online advertising and business promotion by connecting social network users with businesses for the purpose of matching consumers with providers of goods and services; software and downloadable mobile applications for business consulting, namely, providing business strategy, insight, and marketing guidance to others; software and downloadable mobile applications for connecting social network users with businesses; software and downloadable mobile applications for assimilating data for use in advertising; ad server, namely, a computer server for storing advertisements and delivering advertisements to websites; downloadable computer software for optimization and management of online and mobile marketing of third parties; software for creating, managing, measuring, and disseminating advertising of others; software to enable uploading, creating, posting, showing, displaying, blogging, accessing, transmitting,

organizing, managing, and sharing messages, photographs, graphics, animations, GIFs, links, text, online blog journals, video, audio, live video, and other user-generated content in the fields of advertising, marketing, software development, and web and mobile application analytics via the global computer networks, internet and other communications networks; software and downloadable mobile applications for real-time delivery of messages, photographs, graphics, animations, GIFs, links, text, online blog journals, video, audio, live video, and other user-generated content in the fields of advertising, marketing, software development, and web and mobile application analytics; content monetization platform, namely, computer software to create, manage, distribute, present and display advertisements and advertising campaigns of others via the internet; software and downloadable mobile applications for monitoring and reporting on the effectiveness of advertisements; computer software for the collection, editing, organizing, modifying, bookmarking, transmission, storage and sharing of data and information in the fields of advertising, marketing, software development, and web and mobile application analytics; software and downloadable mobile applications for tracking users and advertising of others to provide strategy, insight, marketing advice, and to predict consumer behavior; content monetization platform, namely, computer software to create, manage, distribute, present and display advertisements and advertising campaigns of others via the internet and to collect, create, store, manage, monitor, analyze and report data, namely, advertising data, user statistics, advertising statistics, inventory data, payment data, e-commerce data, ad placement data, software performance statistics, and mobile application performance statistics, in the field of marketing, promotion, sales, services and customer information; software and downloadable mobile applications for real-time delivery of advertising data, user statistics, advertising statistics, inventory data, payment data, e-commerce data, ad placement data, software performance statistics, and mobile application performance statistics; software and downloadable mobile applications for use by consumers to facilitate electronic payments and commercial transactions; software and downloadable mobile applications to allow users to perform and monitor electronic business transactions via mobile networks, the internet and global computer networks; software and downloadable mobile applications for processing electronic payments; software and downloadable mobile applications for collecting, analyzing, storing and transmitting data and information in the field of electronic payment transactions; software and downloadable mobile applications for use in providing retail and ordering services for a wide variety of consumer goods and services of others; downloadable computer software and mobile application software for enabling merchants to provide information about and consumers to obtain discounts, rebates, rewards, coupons, credits, and special offers for goods and services; downloadable software for running, administering, participating in, and monitoring customer loyalty programs; database management software; software and downloadable mobile applications for accessing, browsing and searching online databases; data synchronization software; computer software for information and data integration, analysis, and management; computer search engine software; character recognition software; voice recognition software; computer games; interactive multimedia computer games; video games; computer hardware; USB flash drives; USB cables; USB chargers; blank smart cards; blank computer discs; blank optical disks; cases for optical and compact disks; memory card readers; flash memory cards; cases, covers and stands for computers, tablet computers, smartphones, digital music players, digital video players, personal digital assistants, e-book readers, cameras, and global positioning systems; protective films adapted for computers, digital music players; digital video players, MP3 players, mobile phones, and personal digital assistants; keyboards; computer mice; audio speakers; earphones and headphones; headsets; computers; tablet computers; computer monitors; stylus pens for use with touch-screens; computer printers; modems; computer network routers and hubs; docking stations for laptops, smartphones, digital music players, and digital video players; computer cables; printer cables; disk drives for computers; DVD drives; DVD burners; optical disk drives; tape drives; computer card adapters; cable connectors; plug-in connectors; computer power supplies; electrical power connectors; audio/video cables; electrical extension cords; power cords; battery chargers; battery packs; batteries; power cables; mobile phones; wearable video display monitors; personal digital assistants; sound projectors; audio amplifiers; microphones; televisions; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices; digital music players; digital video players; cameras; video cameras; camera tripods; downloadable electronic books, magazines, periodicals, newsletters, newspapers, and journals; downloadable video recordings featuring educational and entertainment content; downloadable audio recordings featuring educational and entertainment content; magnetically encoded gift cards; decorative magnets; fridge magnets; calculators; sunglasses; eyeglass lanyards; cases for sunglasses; computer software for advertising and marketing platforms; computer software for connecting brands and advertisers with social media users; computer software for creating and managing social media advertising campaigns; computer software for advertisement audience targeting; computer software that allows social media users to aggregate, analyze and improve their social media presence; computer software for talent management and recruiting; computer software for monitoring and analysing advertising campaigns and metrics; software for brand management; downloadable mobile applications for advertising and marketing platforms; downloadable mobile applications for connecting

*brands and advertisers with social media users; downloadable mobile applications for creating and managing social media advertising campaigns; downloadable mobile applications for advertisement audience targeting; downloadable mobile applications that allows social media users to aggregate, analyze and improve their social media presence; downloadable mobile applications for talent management and recruiting; downloadable mobile applications for monitoring and analysing advertising campaigns and metrics; downloadable mobile applications for brand management.*

*Installation, maintenance and repair of computer hardware, computer peripherals, computer networks, tablet computers, personal digital assistants, smartphones, cameras, video cameras, global positioning (GPS) systems, digital music players, digital video players and consumer electronic devices; consultancy in the field of physical maintenance of computer hardware, computer peripherals, computer networks, tablet computers, personal digital assistants, smartphones, cameras, video cameras, global positioning (GPS) systems, digital music players, digital video players and consumer electronic devices; providing information in the field of installation, maintenance, repair and servicing of computers through mailshots, e-mail updates, and e-mail support notices.*

*In International Class 38*

*Providing online and telecommunication facilities, namely, wireless networks for real-time interaction between and among users of computers, laptops, mobile phones, smart phones, tablet computers, wearable technology and personal digital assistants; providing access to global communications networks featuring websites, computer databases and the internet; providing access to online directories, databases, and online reference materials; providing a software platform for communications among computers, laptops, mobile phones, smart phones, tablet computers, wearable technology and personal digital assistants; enabling individuals to send, receive, and forward messages via email, instant messaging and website on the Internet; electronic mail services; instant messaging services; web messaging services; text messaging services; webcasting services; podcasting services; electronic message forwarding; video on demand transmissions; audio on demand transmissions; transmission of messages, audio, video, text and data between network users via the Internet and other communications networks; transmission of messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content via the Internet, peer-to-peer networks, and other communications networks; transmission of messages in the fields of advertising, marketing, software development, and web and mobile application analytics via the internet and other communications networks; transmission of data, namely, advertising data, user statistics, advertising statistics, inventory data, payment data, e-commerce data, ad placement data, software performance statistics, mobile application performance statistics, and audio, video, binary, still images, graphics and multimedia files in the fields of advertising, marketing, software development, and web and mobile application analytics, via the internet and other communications networks; providing online network services that enable users to transmit, stream and share messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content via a global computer network, the Internet, and other computer and communications networks; broadcasting services via a global computer network, the Internet and other communications networks, namely, uploading, downloading, posting, showing, displaying, tagging, sharing and electronically transmitting messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; communication services for transmitting, caching, accessing, receiving, downloading, streaming, broadcasting, sharing, displaying, formatting, mirroring and transferring messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded*

*video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content via global computer networks, the Internet, and other communications networks; facilitating access to third party websites and third party electronic content via a universal login; providing online communications links which transfer mobile device and internet users to other local and global web pages; voice over the internet protocol (VOIP) services; internet telephony services; mobile telephony services; teleconferencing and videoconferencing services; providing access to online chat rooms; providing online chat rooms for social networking; providing online forums and electronic bulletin boards for transmission of messages among computer users; providing online community forums for users to share information, photos, audio and video content about themselves, their likes and dislikes and daily activities, to get feedback from their peers, to form virtual communities, and to engage in social networking; providing access to online journals, namely, blogs featuring user-defined content; providing an online community forum for users to share and stream information, audio, video, real-time news, entertainment content, or information, to form virtual communities, and to engage in social networking; providing online chat rooms, online forums, and electronic bulletin boards for transmission of messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content via the Internet, peer-to-peer networks, and other communications networks among users in the fields of general interest, advertising, marketing, software development, and web and mobile application analytics; providing online community forums for users to post, search, watch, share, critique, rate, and comment on messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; providing a website on the internet for social networking; providing access to a video sharing portal; providing access to digital music websites on the Internet; providing a website that enables users to transmit, cache, receive, download, stream, broadcast, display, format, transfer and share messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, books, magazines, electronic journals, documents, files, data and other user-generated content; providing access to computer databases in the fields of social networking, social introduction and dating; providing access to current event websites and blogs; streaming and live streaming of visual, audiovisual and interactive audiovisual content via the Internet and other communications networks; providing streaming of movies, films, television shows, animations, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content via a website.*

*In International Class 39*

*Merchandise packaging; warehouse storage services; delivery of goods by car, truck and van; provision of delivery information for goods purchased on the Internet, via a global communications network; travel arrangement; physical storage of electronic data and multimedia content; physical storage of electronically-stored data or documents; physical storage of electronic media, namely, images, text, video, and audio data.*

*In International Class 40*

*Screen printing; T-shirt printing; printing of books; printing of advertising matter for others.*

*In International Class 41*

*Arranging, hosting, and conducting educational conferences and business conferences; organizing and conducting exhibitions, events, workshops, seminars, panel discussions, and tradeshows; organizing and providing training, courses, tutoring and mentoring; conducting online, computer-based, and computer-assisted instruction; Providing online journals, namely, blogs and video blogs featuring user-defined content in the field of social networking; providing online journals, namely, blogs and video blogs featuring personal information and opinions in the field of general interest; providing a website featuring user-generated blogs; providing online journals, namely, video blogs featuring text, video and audio; providing a real-time information network featuring the latest stories, ideas, opinions, news, commentary and information of personal interest via the internet and other communications networks; providing information, news, articles, newsletters, blogs, video blogs, and commentary in the fields of general interest, entertainment, popular culture, celebrities, sports, fashion, education, recreation, training, blogging, current events, radio, movies, television, music, books, art, theatre, dance, live artistic performances,*

*concerts, comedy, awards shows, fashion shows, festivals, games, contests, tournaments, museums, exhibitions, science, technology, software development, business, finance, jobs, social, professional and business networking, advertising and marketing, via the Internet and other communications networks; providing information relating to advertising, marketing, software development, and web and mobile application analytics; providing electronic and online searchable databases featuring general news, information and commentary in the fields of general interest, entertainment, popular culture, sports, fashion, recreation, current events, radio, movies, television, music, books, art, theatre, dance, live artistic performances, concerts, comedy, awards shows, fashion shows, festivals, games, contests, tournaments, museums, exhibitions, science, technology, software development, business, finance, jobs, education, social, professional and business networking, advertising and marketing, via the Internet and other communications networks; providing an online searchable database of topics and people in the fields of entertainment, sports, education, celebrity, culture, and current event news; providing an electronic and online searchable database of users; providing online reviews, ratings and recommendations of music, movies, television shows, games, toys, sporting goods, electronics, providing online reviews, ratings and recommendations of music, movies, television shows, games, toys, sporting goods, electronics, and other household and consumer goods, product reviews and purchase information on the internet; providing an online searchable database featuring pre-recorded radio shows, comedy shows, awards shows, theatre, live artistic performances, contests, tournaments, festivals, cultural events, concerts, fashion shows and sports via the internet and communications networks; providing an online searchable database featuring online non-downloadable digital games, movies, television shows, music, books, magazines, news and information; providing a website featuring non-downloadable videos, audio, and text via the Internet; entertainment services for sharing downloadable and non-downloadable videos, audio recordings and images; providing online videos; providing a website featuring recommendations to blogs of users in the fields of entertainment, sports, education, celebrity, culture and news; production of podcasts and webcasts featuring news and commentary in the fields of general interest, entertainment, popular culture, sports, fashion, recreation, current events, radio, movies, television, music, books, art, theatre, dance, live artistic performances, concerts, comedy, awards shows, fashion shows, festivals, games, contests, tournaments, museums, exhibitions, science, technology, software development, business, finance, jobs, education, social, professional and business networking, advertising and marketing; production of movies, radio and television programs; distribution of radio programs, televisions programs, music, movies and films; providing online non-downloadable white papers, articles, presentations, books, journals, leaflets, manuals and magazines in the fields of general interest, entertainment, popular culture, sports, fashion, recreation, current events, radio, movies, television, music, books, arts, theatre, dance, live artistic performances, concerts, comedy, awards shows, fashion shows, festivals, games, contests, tournaments, museums, exhibitions, science, technology, software development, business, finance, jobs, education, social, professional and business networking, advertising and marketing; publishing of electronic publications; online publication of electronic books, journals, newsletters, magazines, and periodicals; providing online non-downloadable comic books and graphic novels; providing online computer games and video games; providing information relating to online computer games and computer enhancements for games; rental of movies, films, sound recordings, video games, multimedia presentations, electronic books, electronic magazines, and electronic journals; event planning; organizing and conducting of live musical concerts, sports events, fashion shows, cultural events, and awards shows; organizing and conducting of events for charitable purposes; organizing competitions in the fields of software development and mobile applications for entertainment and educational purposes; organizing online competitions in the fields of software development and mobile applications for entertainment and educational purposes; providing information in the field of arranging, organizing and conducting contests and games; providing online journals of identity verified users, namely, blogs featuring user-defined content in the field of social networking; providing online journals, namely, blogs and video blogs featuring personal information and opinions of identity verified users in the field of general interest; providing online journals, namely, blogs and video blogs featuring personal information, opinions, text, video and audio in the field of general interest; providing a website featuring user-generated blogs; providing electronic and online searchable databases of topics and identity verified people in the fields of entertainment, sports, education, celebrity, culture and news; providing electronic and online searchable databases of identity verified users in the fields of entertainment, sports, education, celebrity, culture and news; providing a website featuring recommendations to blogs of identity verified users in the fields of entertainment, sports, education, celebrity, culture and news; providing online reviews, ratings and recommendations of identity verified users; providing information, news, articles, newsletters, blogs and commentary of identity verified users in the fields of general interest, entertainment, popular culture, sports, fashion, recreation, current events, radio, movies, television, music, books, art, theatre, dance, live artistic performances, concerts, comedy, awards shows, fashion shows, festivals, games, contests, tournaments, museums, exhibitions, science, technology, software development, business, finance, jobs, education, social, professional and business networking, advertising and marketing, via the Internet and other communications networks;*

*providing a real-time information network featuring the latest stories, ideas, opinions, news, and commentary of identity verified users via the internet and other communications networks; news reporting services; providing online entertainment and real-time news information; current events news and entertainment news reporting services; entertainment services, namely, the provision of streaming audio and audiovisual programs featuring entertainment news, information and commentary, and real time news content delivered by the internet and other communications networks.*

*In International Class 42*

*Design and development of computer hardware, computer software and mobile applications; computer programming; creating and maintaining websites for others; web design services; web hosting services; creating an online community for users to engage in social networking; creating virtual communities for registered users to participate in discussions, obtain feedback, form virtual communities, engage in social networking, and to share and stream messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; providing non-downloadable software and online software applications for facilitation of communication, data transmission, and accessing, sending, managing, and receiving information and content on a global computer network; providing non-downloadable software and online software applications for social networking; providing non-downloadable software and online software applications for the creation and publication of blogs; providing non-downloadable software and online software applications for creating, managing, and interacting with an online community; providing non-downloadable software and online software applications for creating, sharing, disseminating and posting photos, videos, personal and general information for the purposes of social, personal and professional networking; providing non-downloadable software and online software applications for sending electronic notifications, alerts and reminders; providing temporary non-downloadable software for electronic mail and messaging; providing temporary non-downloadable software for instant messaging; providing non-downloadable software and online software applications for real-time delivery of messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; Providing non-downloadable software and online software applications for creating, editing, uploading, downloading, accessing, viewing, browsing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, organizing, managing, and sharing messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content, via global computer networks, the Internet and other communications networks; providing temporary non-downloadable software for accessing, browsing, viewing, uploading, sending, receiving, sharing, and communicating information in the fields of general interest, social networking, news, current events and blogging via secure networks, private networks, global computer networks, and the Internet; providing temporary non-downloadable software for interacting with a feed of messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; providing non-downloadable software and online software applications for creating, editing, accessing, viewing, browsing, posting, displaying, indicating sentiment about, commenting on, embedding, transmitting, organizing, managing, and sharing user-generated opinion polls; providing non-downloadable software and online software applications for organizing events; providing non-downloadable software and online software applications for taking photographs and for recording audio, video and audio-visual content; providing non-downloadable software and online software applications for recording and streaming live audio, live video, live audio-visual content, live sports events, live fashion shows, live concerts, live events, and live news; providing non-downloadable software and online software applications to enable the streaming of user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; providing non-downloadable software and online software applications for modifying photographs, graphics, animations, GIFs, user uploaded video clips, user uploaded audio clips, live video, and other user-generated content with photographic filters and augmented reality effects, namely, graphics, animations, text, drawings, geotags, metadata tags, and hyperlinks; providing non-downloadable software and online software applications for modifying, editing and enabling transmission of messages, video messages, voice messages, location*

information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; providing non-downloadable software and online software applications for tagging messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content, with data, namely, date, location, people and subject matter; providing non-downloadable software and online software applications for displaying and sharing a user's location; providing non-downloadable software and online software applications for finding, locating, and interacting with other users and places; providing non-downloadable software and online software applications for software for geo-location based advertising and product and service promotions; providing non-downloadable software and online software applications for the collection, editing, organizing, modifying, bookmarking, transmission, storage and sharing of information, namely, messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, user-generated content, friend lists, user preferences, user profiles, personal data of users, and information via global computer networks, the Internet and other communications networks; providing non-downloadable software and online software applications for charitable fundraising and collection and distribution of donations for charitable purposes; providing temporary use of online non-downloadable software that generates customized recommendations of messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content based on user preferences; application service provider (ASP) featuring software for facilitation of communication, data transmission, and accessing, sending, managing, and receiving information and content on a global computer network; application service provider (ASP) featuring software for social networking; application service provider (ASP) featuring software for the creation and publication of blogs; application service provider (ASP) featuring software for creating, managing, and interacting with an online community; application service provider (ASP) featuring software for creating, sharing, disseminating and posting photos, videos, personal and general information for the purposes of social, personal and professional networking; application service provider (ASP) featuring software for sending electronic notifications, alerts and reminders; providing temporary non-downloadable software for electronic mail and messaging; providing temporary non-downloadable software for instant messaging; application service provider (ASP) featuring software for real-time delivery of messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; application service provider (ASP) featuring software for creating, editing, uploading, downloading, accessing, viewing, browsing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, organizing, managing, and sharing messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content, via global computer networks, the Internet and other communications networks; providing temporary non-downloadable software for accessing, browsing, viewing, uploading, sending, receiving, sharing, and communicating information in the fields of general interest, social networking, news, current events and blogging via secure networks, private networks, global computer networks, and the Internet; application service provider (ASP) featuring software for interacting with a feed of messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; application service provider (ASP) featuring software for creating, editing, accessing, viewing, browsing, posting, displaying, indicating sentiment about, commenting on, embedding, transmitting, organizing, managing, and sharing user-generated opinion polls; application service provider (ASP) featuring software for organizing events; application service provider (ASP) featuring software for taking photographs and for recording audio, video and audio-visual content; application service provider (ASP) featuring software for recording and streaming live audio, live video, live audio-visual content, live sports events, live fashion shows, live concerts, live events, and live news; application service provider (ASP) featuring software to enable the streaming of user

*uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; application service provider (ASP) featuring software for modifying photographs, graphics, animations, GIFs, user uploaded video clips, user uploaded audio clips, live video, and other user-generated content with photographic filters and augmented reality effects, namely, graphics, animations, text, drawings, geotags, metadata tags, and hyperlinks; application service provider (ASP) featuring software for modifying, editing and enabling transmission of messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content; application service provider (ASP) featuring software for tagging messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content, with data, namely, date, location, people and subject matter; application service provider (ASP) featuring software for displaying and sharing a user's location; application service provider (ASP) featuring software for finding, locating, and interacting with other users and places; application service provider (ASP) featuring software for geo-location based advertising and product and service promotions; application service provider (ASP) featuring software for the collection, editing, organizing, modifying, bookmarking, transmission, storage and sharing of information, namely, messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, user-generated content, friend lists, user preferences, user profiles, personal data of users, and information via global computer networks, the Internet and other communications networks; application service provider (ASP) featuring software for charitable fundraising and collection and distribution of donations for charitable purposes; application service provider (ASP) featuring software that generate customized recommendations of messages, video messages, voice messages, location information, photographs, graphics, animations, GIFs, links, text, online blog journals, user uploaded video clips, user uploaded audio clips, movies, films, television shows, live video, live sports events, live fashion shows, live concerts, live events, real-time news, music, music videos, and other user-generated content based on user preferences; software as a service (SAAS) services, namely, hosting software for use by others for use in communications between people and organizations, using wireless and wired networks, through computers and mobile devices; software as a service (SaaS) services featuring software that gives users the ability to upload, exchange and share photos and videos; providing online non-downloadable software development tools; application service provider services, namely, hosting computer software applications for others; application service provider featuring application programming interface (API) software; application service provider featuring application programming interface (API) software for the integration of text, audio, and video content into websites, applications and third-party software; application service provider featuring application programming interface (API) software for use in building software applications; application service provider featuring application programming interface (API) software for enabling the sharing of computer programming code with other computer software; application service provider featuring application programming interface (API) software for third-party software; application service provider featuring application programming interface (API) software for data retrieval, upload, download, access and management; application service provider, namely, providing, hosting, managing, developing and maintaining applications, software, and databases in the fields of e-commerce, online payments, order queuing, data storage, shared computing capacity scaling, messaging services, and calculation of website ranking based on user traffic; providing non-downloadable software and online software applications for managing computer applications of others; providing temporary use of non-downloadable computer software and online facilities to enable users to access and download computer software; providing temporary use of online non-downloadable computer software that generates customized recommendations of software applications and mobile applications based on user preferences; providing an online platform for logging, analyzing, and reporting operational statistics of third-party computer software applications and mobile applications; providing non-downloadable software and online software applications for use in advertising third-party goods and services; providing non-downloadable software and online software applications to facilitate online advertising and business promotion by connecting social network users with businesses for the purpose of matching consumers with providers of goods and services; providing non-downloadable software and online software applications for business consulting, namely, providing business strategy, insight, and marketing guidance to others; providing non-downloadable software and online software applications for connecting social network users with businesses; providing non-downloadable software and online software applications for assimilating data for use in advertising; providing non-*

downloadable software and online software applications for optimization and management of online and mobile marketing of third parties; providing non-downloadable software and online software applications for creating, managing, measuring, and disseminating advertising of others; providing non-downloadable software and online software applications to enable uploading, creating, posting, showing, displaying, blogging, accessing, transmitting, organizing, managing, and sharing messages, photographs, graphics, animations, GIFs, links, text, online blog journals, video, audio, live video, and other user-generated content in the fields of advertising, marketing, software development, and web and mobile application analytics via the global computer networks, Internet and other communications networks; providing non-downloadable software and online software applications for real-time delivery of messages, photographs, graphics, animations, GIFs, links, text, online blog journals, video, audio, live video, and other user-generated content in the fields of advertising, marketing, software development, and web and mobile application analytics; providing non-downloadable software and online software applications to create, manage, distribute, present and display advertisements and advertising campaigns of others via the internet; Providing non-downloadable software and online software applications for monitoring website and mobile application activity and managing, monitoring, and optimizing the performance and effectiveness of websites, mobile applications and online marketing campaigns; providing non-downloadable software and online software applications for the collection, editing, organizing, modifying, bookmarking, transmission, storage and sharing of data and information in the fields of advertising, marketing, software development, and web and mobile application analytics; providing non-downloadable software and online software applications for tracking users and advertising of others to provide strategy, insight, marketing advice, and to predict consumer behavior; providing non-downloadable software and online software applications to create, manage, distribute, present and display advertisements and advertising campaigns of others via the internet and to collect, create, store, manage, monitor, analyze and report data, namely, advertising data, user statistics, advertising statistics, inventory data, payment data, e-commerce data, ad placement data, software performance statistics, and mobile application performance statistics, in the field of marketing, promotion, sales, services and customer information; providing non-downloadable software and online software applications for real-time delivery of advertising data, user statistics, advertising statistics, inventory data, payment data, e-commerce data, ad placement data, software performance statistics, and mobile application performance statistics; providing non-downloadable software and online software applications for sales, marketing and business promotion purposes; providing non-downloadable software and online software applications for the creation, management, and monetization of advertising and marketing campaigns, related to websites and mobile applications; application service provider (ASP) featuring software for use in advertising third-party goods and services; application service provider (ASP) featuring software to facilitate online advertising and business promotion by connecting social network users with businesses for the purpose of matching consumers with providers of goods and services; application service provider (ASP) featuring software for business consulting, namely, providing business strategy, insight, and marketing guidance to others; application service provider (ASP) featuring software for connecting social network users with businesses; application service provider (ASP) featuring software for assimilating data for use in advertising; application service provider (ASP) featuring software for optimization and management of online and mobile marketing of third parties; application service provider (ASP) featuring software for creating, managing, measuring, and disseminating advertising of others; application service provider (ASP) featuring software to enable uploading, creating, posting, showing, displaying, blogging, accessing, transmitting, organizing, managing, and sharing messages, photographs, graphics, animations, GIFs, links, text, online blog journals, video, audio, live video, and other user-generated content in the fields of advertising, marketing, software development, and web and mobile application analytics via the global computer networks, Internet and other communications networks; application service provider (ASP) featuring software for real-time delivery of messages, photographs, graphics, animations, GIFs, links, text, online blog journals, video, audio, live video, and other user-generated content in the fields of advertising, marketing, software development, and web and mobile application analytics; application service provider (ASP) featuring software to create, manage, distribute, present and display advertisements and advertising campaigns of others via the internet; application service provider (ASP) featuring software for monitoring website and mobile application activity and managing, monitoring, and optimizing the performance and effectiveness of websites, mobile applications and online marketing campaigns; application service provider (ASP) featuring software for the collection, editing, organizing, modifying, bookmarking, transmission, storage and sharing of data and information in the fields of advertising, marketing, software development, and web and mobile application analytics; application service provider (ASP) featuring software for tracking users and advertising of others to provide strategy, insight, marketing advice, and to predict consumer behavior; application service provider (ASP) featuring software to create, manage, distribute, present and display advertisements and advertising campaigns of others via the internet and to collect, create, store, manage, monitor, analyze and report data, namely, advertising data, user statistics, advertising statistics, inventory data, payment data, e-commerce data, ad

placement data, software performance statistics, and mobile application performance statistics, in the field of marketing, promotion, sales, services and customer information; application service provider (ASP) featuring software for real-time delivery of advertising data, user statistics, advertising statistics, inventory data, payment data, e-commerce data, ad placement data, software performance statistics, and mobile application performance statistics; application service provider (ASP) featuring software for sales, marketing and business promotion purposes; application service provider (ASP) featuring software for the creation, management, and monetization of advertising and marketing campaigns, related to websites and mobile applications; software as a service (SAAS) services featuring software for use in decision, support, analytics and optimization of mobile advertising and digital media and for use in facilitating the placement of targeted mobile advertisements and content; software as a service (SAAS), featuring software for use in creating, serving, managing, targeting, monitoring, analyzing, and selling advertising and implementing advertising campaigns; software as a service (SAAS) services featuring software for use of web analytics and website diagnostics, mobile analytics and mobile application diagnostics; software as a service (SAAS) featuring software for use as a monetization platform for Internet advertising for others; providing non-downloadable software and online software applications for use by consumers to facilitate electronic payments and commercial transactions; providing non-downloadable software and online software applications to allow users to perform electronic business transactions via mobile networks, the Internet and global computer networks; providing non-downloadable software and online software applications for collecting, analyzing, storing and transmitting data and information in the field of electronic payment transactions; providing non-downloadable software and online software applications for use in providing retail and ordering services for a wide variety of consumer goods and services of others; providing non-downloadable software and online software applications for enabling merchants to provide information about and consumers to obtain discounts, rebates, rewards, coupons, credits, and special offers for goods and services; providing non-downloadable software and online software applications for running, administering, participating in, and monitoring customer loyalty programs; application service provider (ASP) featuring software for use by consumers to facilitate electronic payments and commercial transactions; application service provider (ASP) featuring software to allow users to perform electronic business transactions via mobile networks, the Internet and global computer networks; application service provider (ASP) featuring software for processing electronic payments; application service provider (ASP) featuring software for collecting, analyzing, storing and transmitting data and information in the field of electronic payment transactions; Application service provider (ASP) featuring software for use in providing retail and ordering services for a wide variety of consumer goods and services of others; application service provider (ASP) featuring software for enabling merchants to provide information about and consumers to obtain discounts, rebates, rewards, coupons, credits, and special offers for goods and services;
